Shaping family policies to boost gender equality and demographic resilience

UNFPA is pleased to invite you to the “Inclusive Family Policies for a Better Future” conference in Istanbul on **22 September**.

Join us as we bring together policymakers, the private sector and experts to discuss gender-responsive family policies in Eastern Europe and Central Asia.

Throughout the day, we will explore:

- The benefits of gender-responsive family policies
- Experiences and best practices from the region
- How best to design and implement these policies
